Mobile Productivity Page of Sonoff Consulting Services, Inc.'s Productivity and Knowledge Transfer Mobile Web Site

The three major headings provided on this Mobile Web page are listed below:

- [What Scsi does best -- Productivity and Knowledge Transfer](#)
- [Nine Major Categories of Productivity](#)
- [Additional Categories of Productivity](#)

NOTE: Relevant hyperlinks are included within the associated paragraphs to make your browsing session productive and all the more enjoyable.

What Scsi does best -- Productivity and Knowledge Transfer

Scsi's forte is [productivity and knowledge transfer](#). You will see that manifested throughout this Mobile Web site, although much of what you'll notice as content on this Mobile Web site does concentrate on discussions of [Web site validation and testing](#), achieving [100% accessibility](#), and so on. Why was that done?

Proof of Productivity Expertise -- By Example

Here is the answer. The underlying challenges behind those topics were tackled and solved by Scsi's President, [Raymond Sonoff](#), who independently evolved [Scsi's "Perfect 10" Mobile Web Site Standard](#) -- a [set of ten seamlessly integrated Mobile Web Best Practices](#) that every truly "World Class Level" Mobile Web Site should have.

To see the overall picture of what is stated above, select the [image](#) immediately below -- if present -- to view or download a full-page Adobe PDF diagram that provides hyperlinks to each of Scsi's "Perfect 10" Mobile Web Site Best Practices for your convenience.

Examples of Scsi's Mobile Web Best Practices

Here are just three specific Best Practices that are easily demonstrable for each and every Web page within the sonoffconsulting.mobi domain:

- Fast loading (see Scsi's Best Practice [#1.](#))
- Viewable with any browser (text- or web-based), operating system, screen resolution, or combinations thereof (see Scsi's Best Practice [#2.](#))
- When printed, the contents will always be intelligently word-wrapped -- regardless of printer or page layout

settings that are in effect (see Scsi's Best Practice [#8.](#))

How Scsi's set of Best Practices led to Scsi's "Perfect 10" Mobile Web Site Standard

Looked at in this light, you'll soon realize and more fully appreciate the fact that all of Scsi's Mobile Web Best Practices for Mobile Web site pages began as a set of well-defined and highly specific productivity-driven objectives. Now that these objectives have come to fruition, they are collectively referred to as Scsi's ["Perfect 10" Mobile Web Site Standard](#) which unceasingly illustrates that "We are productivity driven."

Focusing on Productivity

If you are interested in finding out more about [Scsi's Productivity Focus diagram](#) within the Scsi P&KT Mobile Web site, visit Scsi's [Focusing on Productivity](#) page.

Nine Major Categories of Productivity

The major categories of productivity addressed on the Scsi P&KT Mobile Web site include the following:

- [Desktop](#)
- [Editors and Viewers](#)
- [eLearning and Web-based Collaboration](#)
- [High-end Technology](#)
- [Mail Programs](#)
- [System Utilities](#)
- [Web Usability](#)
- [Miscellaneous](#)
- [Recommended Reading](#)

Additional Categories of Productivity

As an ongoing supplement, however, the following categories are presently included on this Scsi Mobile Productivity Web page:

- PC-based Software
- PC-based Hardware
- Methods and Techniques
- Getting Organized and Time Management References

PC-based Software

The vast majority of "Productivity Tools" coverage on this Mobile Web site will tend to focus on software for personal computers (PCs). A sampling of such software programs is presented below.

Office Productivity Suites

Only two specific vendors' products are currently listed here.

- [Corel WordPerfect Office](#)
- [Microsoft Office](#)

Idea Outliners, Thought Processors, and Visual Thinking Tools

At this time, only two specific vendors' products are addressed here.

[ActionOutline](#)

ActionOutline Version 2.1 is a shareware product from [Green Parrots Software](#) on whose Web site is the following tag line: "Make your life easier, work more efficiently, boost your productivity with our powerful, easy to use software products."

In particular, the vendor states: "With ActionOutline, you can create and manage to-do lists, recipes, project notes, personal contacts, bookmark lists, reports, term papers, etc. It includes an Explorer-like interface, the ability to link to web or local files, and much more..."

[Inspiration Software](#)

The [Inspiration Software, Inc.](#) is described on their Web site as being "The Visual Thinking Tool" -- The premier tool to develop ideas and organize thinking -- and they offer numerous templates and unique features, including a complete outline processor for organizing and writing.

Graphics Packages

At this time, only two specific vendor's products are cited under this particular category.

SmartDraw

Scsi makes extensive use of [SmartDraw's business graphics software](#) (the latest release is called SmartDraw Version 2009) for increasing one's graphics-based productivity.

This decision was based on numerous outstanding features, a few of which are listed below:

- Numerous pre-populated templates
- Diverse and extensive (more than 63,000) graphics -- libraries of symbols, templates, and more
- Free help, free support, unlimited downloads, and more
- Unlimited drawing area with linking and layering included
- Integration with other programs, including Microsoft Office and Corel's WordPerfect Office
- Numerous Import/Export and conversion capabilities

Scsi recommends that you seriously consider adding this versatile and cost-effective software to your company's working set of productivity tools.

NOTE: As just one example of making effective use of the SmartDraw Suite Edition software, Scsi encourages you to examine [Scsi's Productivity Focus diagram](#) that is cited in Scsi's Mobile WebKISS™ Guide [#9: How Productivity-focused is your Mobile Web Site?](#)

Microsoft Office Visio

Visio evolved over several generations and [Microsoft Office Visio](#) is now a Microsoft-owned graphics tool that is ubiquitous in the PC industry.

Scsi can vouch for this wonderful graphics tool, having made use of it on a regular basis beginning in 1995 and up to the present day. Microsoft Office Visio is a wonderful software product that pays for itself many times over. Try it. You will be glad you did.

NOTE: Even if you do not own or plan to purchase this product, you should also be aware that there is a Microsoft Visio Viewer -- which you can download for free from the download section of the microsoft.com Web site. This view-only tool, according to Microsoft's write-up, "allows anyone to view Visio drawings and diagrams (if created with Visio 5, 2000, 2002, or 2003) inside their Microsoft Internet Explorer version 5.0 or later Web browser."

PC-based Hardware

A few examples of productivity-increasing devices that everyone should consider using include the following:

- Mouse & Trackball Devices
- Accelerator Cards
- Peripherals and Accessories
- Scanners
- Personal Digital Assistants (PDAs)

Methods and Techniques

Scsi regularly makes use of the following:

- Listmaking
- To do lists
- Check lists
- Index cards

- Visual indicators or graphics aids
- Calendars
- Color-coded Markers and Strips
- File Format Conversions
- Workflow Diagrams
- Decision Trees

Getting Organized and Time Management References

It's always a good idea to take some time to prepare yourself for whatever lies ahead, and we usually give particular thought at such times to the matter of getting organized coupled with deciding how we should best make use of our available time for any given task, activity, or project.

Oftentimes, one of the best ways to approach overall preparedness for any category of task is through learning from what others have done before, particularly through reading of their published works. Here is a sampling of [Recommended Reading](#), which also includes some Web site hyperlinks that you might wish to consider visiting.

Mobile Web Page Validation and Contact Information

Validate this Mobile Productivity Page of Sonoff Consulting Services, Inc.'s Productivity and Knowledge Transfer Mobile Web Site to assure full conformance to W3C's [XHTML 1.0 Basic](#), cascading style sheet ([CSS](#)), and [WCAG Accessibility](#) recommendations.
